

Our family of five listens to K-LOVE on a daily basis. We love that we never have to worry about the lyrics or the on air conversations. Even where we are K-LOVE is not a strong signal and sometimes we cannot tune in. But we support K-Love financially each month because we believe in the positive values and good moral teachings that it inspires. This can only impact our community in a positive way. If K-LOVE were to be displaced by an LPFM broadcaster providing other programming, we would almost assuredly NOT tune in to the new broadcasting. We have enough regular radio stations. KEEP K-LOVE ON THE AIR!!!
